American Association Games To-Day. Indianapolis at Milwaukee. Louisville at Kansas City. Columbus at St. Paul. Toledo at Minneapolis.

Special to the Indianapolis Journal. KANSAS CITY, Mo., July 16 .- Indianapolis closed a disastrous stay in Kansas City this afternoon with three games further away from the pennant. It has not been the old time fighting Hoosiers that have dropped the three straight and the large hospital list seems to have discouraged Watkins's men. They played listlessly in to-day's game and after Grady knocked the ball over the fence in the third inning for a home run with the bases full, they let down almost altogether and allowed the Blues to win as they pleased by a score of 12 to 3. The game was called at the end of the eighth inning to allow

the Hoosiers to catch a train for the North. Williams was the pitcher to get walloped to-day, the Blues pummeling his slants for twelve hits including two home runs. As in yesterday's game, the Blues were the busest in the third inning, this time making five runs. With such a lead against them pions did not exert themselves and piled up errors right and left, eight misplays being charged against them. Alloway, who made his first appearance

In the box for the Blues, pitched a pretty came for the locals and had the halfearted Indianapolis team at his mercy. He dlowed in all seven singles, but the Hoosiers made the best of the number gathering in five of them in two innings. The visitors nfield hit, Jones's sacrifice and Tamsett's drive to center, a wild pitch, Woodruff's wo bagger and Williams's out at first. While the Hoosiers were playing an eratic game in the field, Kansas City was tting forth its best licks and not a bobble was made behind Alloway. The most sensational fielding work of the day was made by Knoll in left, who robbed Jones of a two bagger by a one-handed catch within six inches of the ground after a harp run for it. Score:

WILL PLAY WINNER OF MRS. JUD-SON-MRS. PEARSON MATCH.

Play Between Miss Rawls and Miss Dorsey Was Very Interesting-Results at Milwankee.

The first half of the semi-final round for the women's championship was played yesterday at Riverside. Miss Rawls, by defeating Miss Dorsey, 3 up and 2 to play, will play in the final round to-morrow afternoon. Yesterday's match was well contested, as both are good golfers. A great deal of interest was taken in this match and quite a few friends of the players turned out. Miss Dorsey, although beaten, made Miss Rawls at all times play her game, and not until the sixteenth green was reached was one able to pick a winner. Both started off in fine shape, and it was evident that a hotly contested game would follow. At the turn Miss Dorsey led Miss Rawls by one hole. At this point the stead-iness of Miss Rawls began to show and by some of the finest drives ever sent away from a tee by a woman at Riverside cut down Miss Dorsey's lead and steadily forged ahead, finally winning on the six teenth green, 3 up and 2 to play. Mrs. Charles Judson and Mrs. C. C. Pegron will play to-day, the winner to meet

In the afternoon play he drove the ball into the tall grass while going to "dummy," and it took him four strokes to get going again. This piece of misfortune, it is thought, will prove a bad setback to the champion. Lawrence Eustis and Louis James are tied with 165. CUP-SEEKER WON AGAIN.

Defeated Shamrock I in a Forty-Mile Race Off Sandy Hook.

ATLANTIC HIGHLANDS, N. J., July 16 -After a forty-mile leeward and windward race off Sandy Hook lightship to-day Shamrock III led Shamrock I to the finish line by only fifteen seconds less. In the first half of the race the cup-seeker dropped Shamrock I at the rate of fifteen seconds and more to the mile, but in the second run off shore to the outer mark the older boat was League club, who left the latter organizathe first to catch a new breeze, which sent her off at a pace that sliced nearly three minutes off the challenger's lead.

It was a clear fluke, which, as usual in a run before the wind, favored the stern boat.

Shamrock III had besten the other by near-

so that the challenger must have lost about five minutes by the fluke. In all she covered twenty miles of windward work seven minutes and eighteen seconds faster than the former challenger. From a nine-knot breeze at the start the wind dropped to three knots at the finish, but held westnorthwest all day. Summary:
